“Italian Bilateral Scientific Cooperation Award”

Purpose

The Italian Ministry of Foreign Affairs and International Cooperation (MAECI) established the *“Italian Bilateral Scientific Cooperation Award”* to recognize the work of an Italian experienced scientist who has remarkably contributed to the advancement of science and technology (S&T) while performing his/her research abroad, thus improving Italy’s S&T relations with foreign countries and International Organizations.

The award will be presented during the Italian Scientific Attachés Conference to be held in 2025 at a date and place to be announced. All fields of science and technology are included under this award. The award consists of an engraved medal and a diploma signed by the Italian Ministry of Foreign Affairs and International Cooperation.

Eligibility requirements

- The *“Italian Bilateral Scientific Cooperation Award”* is assigned to an Italian scientist presently active in Austria, for his/her outstanding contribution to the advancement of bilateral scientific cooperation in any field of science and technology.
- The nominee must have been a resident of Austria at least since January 1st, 2020.
- The nomination must be submitted by an eminent scientist who is holding a leading position in a Scientific Academy, University, Research Institute or S&T Department of the Government in Austria. Self-nominations are not eligible, nor are nominations from immediate family members. Teams are not eligible for the nomination. Qualified nominators may be:
 - Heads of University or Scientific Institutions
 - Members of Academies of Science
 - Holders of Research Chairs
 - Full professors

- The nominee must be an independent scientist with almost 10 years of experience since completion of their PhD degree, holding a very good scientific track record and carrying out top level research activities in collaboration with foreign scientists active in Austria. Research activities within multilateral organizations are also eligible.
- Age limit: up to a maximum age of 65 at the time of publication of this notice

Evaluation Criteria and Selection Procedures

Nominees will be evaluated on the basis of the following criteria:

- Scientific impact of the work presented
- Relevance of the nominee's work for Italian S&T cooperation with Austria
- Nominee's capacity to keep contacts with the Italian scientific community and corresponding potential for significant, long-term international collaboration
- Promotion of young researchers' mobility to and from Italy as a mean to foster the establishment of bilateral research teams
- Nominee's contribution to creative/innovative collaboration models

The Award Committee, chaired by the Head of Office IX of the Directorate General for Country Promotion at MAECI, will be composed by the Presidents and/or Representatives of the major Italian Research and Academic Institutions.

The *Italian Bilateral Cooperation Award* will be presented in 2025 at a Ceremony to be held during the Conference of Italian Scientific Attachés in the presence of the Minister of Foreign Affairs and International Cooperation.
